# Be Safer on the Internet: Malware

Steve Weyer

## ACROSS

**1** Using fake "bait" to catch a victim (8)

**2** Related to Internet or info technology, e.g. __war, __attack; CSI: ___ (5)

**6** Browser extension, e.g., 5-D, 12-D (6)

**8** Good malware prevention: check and ___ your software and 6-A's (6)

**10** Malware route: unwanted web- or app-based promotions (6)

**13** Malware route: unwanted 22-A; meat-like substance (4)

**15** US surveillance agency (acronym) (3)

**17** Malware that collects & sends info against a user's wishes (7)

**19** Malware route: file accompanying a 22-A (10)

**21** Malware that tracks a user's typing (9)

**22** Electronic message (5)

## DOWN

**1** Type of annoying 10-A while browsing (5)

**3** Malware route -- hopefully less after this course (3)

**4** Malware that demands payment to decrypt your info (10)

**5** Coffee; Oracle's 6-A (4)

**7** Malware route: click this thoughtfully (4)

**9** Malware that replicates on computer or device (5)

**11** Malware hidden in 19-A or download (6)

**12** Glow briefly; Adobe's 6-A (5)

**14** Best place to download or 8-A software (8)

**16** Network of infected computers (6)

**18** Malware that spreads across network (4)

**20** Mobile phone (4)
